

***CRCs FROM UNSW RESEARCH CENTRES***

***AB02/89***

***APPROVED BY ACADEMIC BOARD ON 3 SEPTEMBER 2002***

***CRCs FROM UNSW RESEARCH CENTRES***

***RESOLVED AB02/89***

That the Academic Board approves that where a UNSW Research Centre or Unit plays a significant role in the formation of an externally established and funded Research Centre such as an ARC Centre of Excellence or a CRC, upon establishment of the new Centre, the UNSW Centre or Unit will be reviewed with the expectation of disestablishment unless a special case can be made for its retention. Such a case would need to articulate fully the relationship of the UNSW Centre to the new Centre in terms of duties of staff, ownership of intellectual property, supervision of graduate students, management of staff and resources, and any other relevant issues to ensure that both could function without conflict of interest.
